BREAKOUT 1 OPTIONS

> Grace-Filled Discipline

Led by Kristina Smith
Children's Room 300

Our kids are born knowing how to disobey us, so how can we teach them the importance of obedience through the way we discipline? In this session you will learn to respond to your kids with loving yet firm boundaries, and discipline them with grace and understanding.

> Threading God into Every Day

Led by Donnie Smith & Troy Mills
New Student Bldg

You need God to be a part of every moment of your family's life. There are lots of ways to do that - but you must be intentional. In this session you will learn creative ways to study God's word as a family, fun ways to memorize scripture at any age, and how to scripturally pray for God's favor and protection over your kids.

BREAKOUT 2 OPTIONS

> Master Parenting at Every Stage

Led by Chris & Christi Myhill
Children's Room 300

Your role as a parent has distinct stages and you must embrace each one as your child grows. It's our job as parents to tailor our discipline and parenting approaches to match the stage our kids are in. In this session you will learn techniques to prepare your kids to one day be independent, Biblically sound, functioning adults when they leave your home.

> Boundaries in the Digital World

Led by Matt Kallail
New Student Bldg

Technology is a huge part of our lives, but we must recognize its power and teach our kids how to navigate it with wisdom. In this session you will learn God's desire to protect and guide His children, and then you will learn how to create boundaries that will guard your kids against the digital messages that the enemy intends for harm.

BREAKOUT 3 OPTIONS

> From Birth to Adulthood: God's Design for Identity, Love, and Marriage

Led by Ryan & Courtney Ohendalski
New Student Bldg

God designed your children in His image for His glory, and the world seeks to distort that. His plan is beautiful and teachable to your preschooler, your school-aged kid and beyond. In this session you will learn about the biblical foundations needed to navigate conversations and develop pathways that will enable your kid to live in God's design for them.

> Establishing a Peaceful Home

Led by Kristin Shafer
Children's Room 300

Are you constantly out of milk, running late, and eating french fries out of the cupholder? Well this session is for you! God designed the home to be a safe, comforting refuge from the chaos of the world, and His Word has the blueprint to build it! In this session you will learn Biblical time management skills, how to prioritize your calendar, and how to build structure and stability for your family that will enable each of you to be all that God wants you to be.

When you leave your 1st breakout session, you will go the main foyer to pick up your lunch and find a place to eat.
